

RCRSTF 7 to 12 YSF Forms Flowchart

Depending on your project, you may need to complete one or more of the forms listed below.

Note: Some forms need to be completed before your experimentation begins! Read each form carefully!

Please read carefully, check and complete all that apply. If you do not include all required forms, your project cannot be accepted for registration. Complete rules and forms may be obtained from: www.rcrsf.ca/rules

****Note** Grade 6 students do not need to complete any special forms as they are not eligible for the CWSF.**

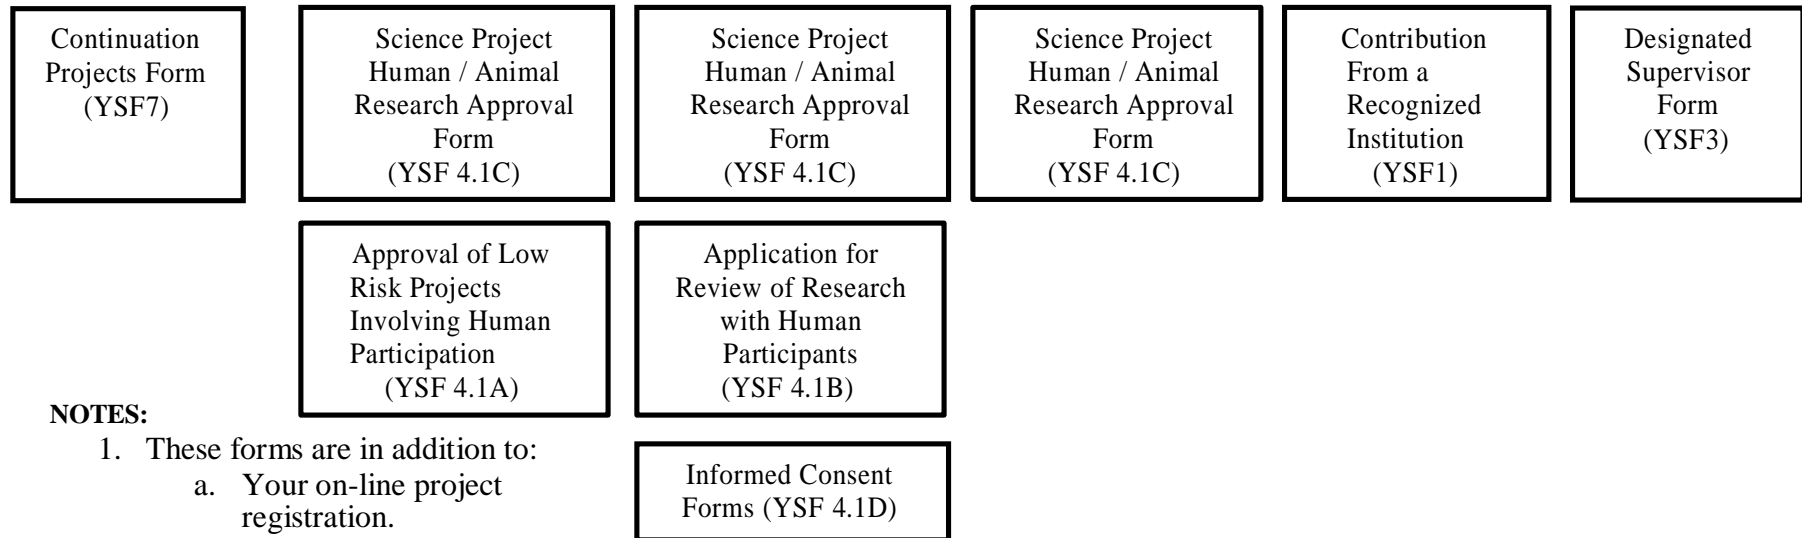

LEGEND:

Required forms

Forms may be required

If your project involves any of these topics, also complete the forms below that topic:

Project is a continuation of a previous year's work.	Human subjects studied in this project; Low Risk (see YSF Policy 4.1.1 for Risk Assessment Guidance).	Human subjects studied in this project; High Risk (see YSF Policy 4.1.1 for Risk Assessment Guidance).	Non human vertebrate or invertebrate animal subjects studied in this project.	Research conducted or equipment used at an institutional or industrial setting.	Firearms, Explosives or other Hazardous Materials or Equipment used.
--	--	---	---	---	--

NOTES:

1. These forms are in addition to:
 - a. Your on-line project registration.
 - b. Your mail in registration form printed during the online registration process.
2. Many common chemicals used at home are considered Hazardous (or poisonous, or dangerous, etc.). Look for warning labels; if found, then consider them Hazardous and include a Designated Supervisor form.
